Amendments to the Claims:

This listing of claims will replace all prior versions and listings of claims in the application.

Listing of Claims:

1. (Previously presented) A computer-implemented method of searching for a help utility, comprising the steps of:
 - providing a utility search dialog rendered via an interface of a computer;
 - receiving via the interface input of one or more search keywords directed to at least one help utility;
 - searching a single database containing a plurality of help utilities received in the database from all of a plurality of different computer operating systems, wherein the plurality of help utilities are associated with the plurality of different operating systems and assist in maintaining and configuring the plurality of different computer operating systems wherein the plurality of help utilities comprises a plurality of help files and a plurality of wizards;
 - if after the step of searching the database containing the plurality of help utilities, a help utility is found matching the keywords, among the plurality of help utilities,
 - executing the help utility wherein the plurality of help utilities comprises the plurality of help files and the plurality of wizards;
 - if after the step of searching the database containing the plurality of help utilities, no help utility is found matching the keywords, then:
 - providing the utility search dialog;
 - inputting one or more additional keywords directed to at least one of the plurality of help utilities; and
 - searching the database containing the plurality of help utilities, wherein the plurality of help utilities comprises a plurality of help files and a plurality of wizards; and
 - wherein the plurality of help files and wizards are in a variety of different languages.

ATTORNEY DOCKET NO. 60001.0016US01/MS150592.1

2. (Previously presented) The method of Claim 1, further comprising the steps of:
determining whether more than one help utility is found matching the keywords;
displaying all help utilities found to match the keywords; and
selecting one of all help utilities found to match keywords.
3. (Canceled)
4. (Previously presented) The method of Claim 1, further comprising the steps of:
if after the step of searching the database containing the plurality of help files and
wizards, no help file and wizard are found matching the keywords but a related wizard that
closely approximates the keywords is found, then displaying the related wizard; and
invoking the related wizard.
5. (Canceled)
6. (Previously presented) The method of Claim 1, wherein the plurality of help
utilities further include help utilities provided by a variety of computer software applications.
7. (Previously presented) The method of Claim 4, wherein each wizard is associated
with one of the plurality of different computer operating systems.
8. (Previously presented) The method of Claim 4, wherein each help file is
associated with one of the plurality of different computer operating systems.
9. (Previously presented) The method of Claim 1, wherein the search keywords may
be input using a plurality of different languages according to preferred spoken languages.
- 10-28. (Canceled)
